# Who We Are

We're a team of thrill seekers that believes pursuing a career in insurance can actually mean changing the world by protecting people when they need it most. We've been around for over 30 years, but we still operate with a **startup, entrepreneurial mentality**. By continuously growing or launching new programs and entering new markets, more doors open for our employees to explore their passions and become leaders.

## How You'll Fit In

No matter the role, you'll join a team of hardworking individuals who push themselves — and each other — to **be their absolute best, set and crush goals and have fun while doing it**. In addition to attending our frequent social gatherings both big and small, NSM employees volunteer year-round to use their time, skills and expertise to make a difference in their local communities.

## Endless Opportunities

We believe our people are our most important asset. We're a fast-paced, collaborative, results-driven organization. We're proud to provide **endless opportunities** and **upward mobility** to employees who demonstrate the willingness to go the extra mile.

“

NSM feels like a family with its strong team bond. We have a great culture that inspires everyone to set new goals and be the best version of themselves.

—Courtney Leonard,  
Account Manager

# Benefits & Perks

We pride ourselves on delivering a supportive environment that empowers our employees to take care of themselves and their families — and balance career goals with life goals.
